Huge Grizzly of Colorado Weighed 910 Pounds

Known to Have Been More Than 25 Years of Age

Giant Beast Almost Takes Life of Her Slayer

GRAND JUNCTION (Colo.) Oct. GRAND JUNCTION (Colo.) Oct. \$5.—The grizzly bear, which once reigned supreme on the western slope of Colorado, became a matter of history in this region with the killing of Big Foot Mary by Ed Gill of Gill Creek, in the

Domingues country, twenty-five miles south of this city.

Big Foot Mary, last of the west-ern alope grizglies, came within an ace of killing her slayer. Gill and half a down other hunters had followed her trail for days. Gill surprised her, and as she charged he fired as rapidly as possible, his third shot bringing her down as she fell upon him.

whe fell upon him.

With a weight of \$10 pounds, Big Feot Mary is the largest bear except one that has ever been killed in this region. The record grizzly, weighing \$25 pounds, was killed on Grand Mesa nearly thirty years ago. She was named for the big track she left. Hers was the biggest track known to trappers of the region, and is said to have been nearly eighteen inches long.

GREAT AGE

TUMA (Ariz.) Oct. 25.—A river decline is believed to have avertied for the time the proposed dynamiting of the diversion weir of the Imperial Valley irrigation system below Yuma. The weir has been the lodging place of much driftwood that was considered a menace to the Arizona levees, while silt has been coming down the Colorado in unusual quantities. What will be done at the weir will depend entirely upon the continuation of the flood flows, but destruction of the flood flows, but destruction of the dam is to be delayed to the last possible date.

The States which are expected each to raise a \$1,000,000 share of the fund are California, Ohio and Massachusetts. These are the third largest individual quotas in the whole array of officially assigned local and sectional objectives fixed by a special conference in Chicago by the national committee on organisation of the United Jewish Campaign by which the appeal is to be carried into every section of the United States and to the respective States under the inclusive country-wide budget plan for the campaign was made public by David A. Brown, national chairman of the appeal. To New York City has been assigned the greatest single task of the whole array, the raising of a \$4,000,000 metropolitan quota. The next largest local assignments are Pennsylvania's \$2,560,000 quota, and the \$1,000,000 objectives respectively set for California. Massachusetts, New York State, and Ohio. The city of Chicago also has been set a \$1,000,000 quota expectation, exclusive of the \$1,000.

The national committee which framed the quota schedule, made up of leaders representative of the foremost Jewish communities of all sections of the nation, under the chairmanship of Jacob M. Loeb of Chicago, included Louis M. Cole of Los Angeles and Morgan A. Gunst of San Francisco.

Gonzaga's Victory Takes Breezy Cox Takes Lead for Edge Off Big Tussle

BY BRAVEN DYER Leaving for their only game of

the season on foreign soil, How ard Jones and his U.S.C. grid

list to make the trip.

Idaho's defeat at the hands of Gonzaga has taken some of the edge off the struggle, which is the second Pacific Coast Conference game of the season for the Trojans. However, football fans all over the country have seen enough upsets this season to know by this time that no game is won until the final whistle blows and that even Knute Rockne's reputation won't always bring a Notre Dame eleven home victorious. Gonzaga, in winning 12 to 2, Saturday, was better able to conquer the elements than were the Vandals. The game was played in a driving sand storm, which naturally nullified the Idaho a driving sand storm, which naturally nullified the Idaho attack which is of the aerial variety. Also the Vandals were off their home lot and when they meet the Trojans Coach Bob Mathews will not only have his boys in their own back yard but will undoubtedly have them in a none too sociable meod.

Bome 15,000 rodeo fans who journeyed out to Ascot Park yesterday afternoon for the express purpose of finding out the answer to the eternal question, "Why steers leave home?" maybe didn't discover the exact reason for this bovine species' departure from the home fires, but the cash customers did get a flock of thrills for their money.

Anyone, though, that thinks the gentle pastimes engaged in at a round-up are mere horseplay is like the gent under the shower, all wet. It's a real he-man sport and some of the world's greatest rodeo talent are performing out at Ascot.

Yesterday's program was Some 15,000 rodeo fans who

ret are performing out at Ascot. Yesterday's program was marred by the almost fate injury suffered by Jim Hogan, a local rider, in the bareback-bucking contest. Hogan's mount stock its head into the ground and turned a somersault, coming down with all its weight on the rider's body. Hogan was rushed by ambulance to the General Hospital, where it was announced that, although his condition was serious, he would recover providing there were no internal injuries.

Loyola Field yesterday afternoon. It was a heartbreaking
game to lose and on the run
of the play the Vikes should
at least have divided the
points. Except for the opening period and in the closing
stages of the contest when the
Sons held a decided edge,
the Vikings had it all over
their opponents. Twice the
Sons were penalized for hands
and twice the Vikes falled to
convert into goals. The error
was made of trying to kill the
ball on these occasions instead
of placing it in the goal.

Both teams scored once during the first half. First blood
went to the Sons when Hyder,
outside left, beat Wesslund
with a long swinging cross
which fooled the goalie. Soon
after the Vikings resialiated
with a concerted attack on
Southeron, and lmd 'it not
been for the excellent clearances of the Sons' goalie.
the Vikings would have found
themselves on even terms.
Brun Milan, outside left
for the Vikings, tested Southeron with two exceptionally
fine shots. The first was diveried out of the goal when

At the change-over, the teams had each one goal to their credit, and with the resumption of play. Vikings keps up a bleady pressure, which had all the carmarks of eventually bringing goals. As the result of these raids, the aforementioned penaltic were awarded, and the Vikings glorious chances to get the jump on the opponents was wasted.

When Karl Mortensen was penalized for hands with about fifteen minutes to go. The Viking, star which had been in the ascendancy received a severe setback. Andy Walker, went up to take the kick. Walker made uo mistake and eased the ball into the corner of the net. Wesslund made a great effort to save, throwing himself full length on the ground, but he missed the ball by six inches. For good measure, Pearson added a third for the Sons just before the final whistle.

Thisties spotted the Scots to a four-goal lead in the first half and then came back in the second half and scored two counters. The Thistles' goals were registered by 8 he p e r d. Goal-getters for Scots were Holmes, 2; Wright, 2.

duty in the Canadian Arctic next spring.

It is the intention of the Canadian government to preserve all islands in the Arctic now used by Canadian fur trappers and settlers for Canada.

To assure this the red-coated officers- will visit and establish patrel posts on every island claimed by Canada in the Arctic Ocean inside the next year.

What is asserted to be encroachment on the part of foreign expeditions in the Far North this year, has caused the government to take this action, as it is not intended that any foreign country will be allowed to occupy any strategic points or islands to the north of Canada, that might give trouble as supply bases or enemy strongholds whereby an attack might be possible from the north of the country.

Eleven States

to Send Men to Highway Show

SAN FRANCISCO, Oct. 25.—
Federal, State, county, and city highway officials from the eleven Western States: contractors, rock and gravel men, manufacturers and dealers in machinery and implements will gather in San Francisco from November 9 to 14, inclusive, for the All-Western Road Show, regarded as the most important conference on more and better highway transportation ever conducted in the West.

Among the subjects to be discussed are closer co-operation among the Western States in laying out their domestic building programs for reciprocal benefit; concentration on a definitely mapped system of transcontinental highways, tying up with State systems; emphasis on the fact that what the Western States need most is not new routes so much as better engineered and better-built roads along lines already laid down; a campaign of education to impress on Congress and the people of the country that Federal aid to the Western States, wisely supervised, is not a dole, but an investment in national prosperity.

Berlin Cabinet

Situation May Precipitate General Election

Belligerent Mobs Clash of Municipal Polls

(ST CABLE—EXCLUSIVE DISPATCE)
BERLIN, Oct. 25.—The resig nation of three Nationalist mem-

bers of the Cabinet brings about a situation under which it may be necessary to hold a general election before the Locarno treaty, to secure the peace of Western Europe, can be ratified.

The National Ministers who have given up their portfolios are Minister of Finance Von Schlieben, Minister of Finance Von Schlieben, Minister of the Interior Schiele and Minister of Posts Neuhaua. In Premier Luther's coalition Cabinet they represent the powerful Nationalist element and their retirement may mean effective opposition to the treaties by the entire National membership of the Reichstag.

There is a prospect that Dr. Luther may be able to rebuild his Cabinet but should he fail a general election may follow.

Scenes of extreme rancor and violence attended the municipal elections today, Belligerent mobe of Republicans and Nationalists clashed near the polls in several sections today, Belligerent mobe of Republicans of the fashionable westend, assaulting each other with flats, canes and stones. During one of the onsets vitriel was hurled by rioters, a score of combatants and apectators being burned in varying degrees of severity.

Large bodies of police were caled out to disparse the rioters, several hundred of whom are tenlight in police stations throughout the city.

CHANG DRIVEN OUT

In any event, the conference delegates assembled at Peking are bystanders in this new Chinese conflict. They are expected to observe complete neukality, although the statement that Chang has maintained his hold on Manchuria and widened it to grasp the powers of the Central government at Peking through Japan's aid has never been denied.

Wu's adherents already have driven Chang out of the Shanghai Province, into which his control had extended and force him back all along the line of his spread toward Central China, with Peking apparently the goal of the drive they now have formally placed in his hands. At one side of the direct road to the capital stands Feng, with a busy artery of military supply stretching from his quarters at Kalgan into Mongolia and thus to Russian soviet sources placing him in a strategic position to seize Peking and overthrow the Central government should political strategy require him to revert, even temporarily, to Wu's standard.

complicated matter today than it was yesterday. The way is well charted. One out of every eight quality cars sold today is a Studebaker.

That is because Stude-baker offers three major advantages applicable to no other automobile in its field-price, quality and protection of investment-

Terms. That is, terms that are equitable—terms that are economically sound—terms that represent good business and fair dealing. Studebaker's liberal Budget Payment Plan was made with fair regard for the monthly income—not only next month's

There are only two plants in the world today with adequate facilities for making all bodies, engines, clutches, gear sets, springs, differentials, steering gears, axles, gray iron castings and drop forgings. One is Studebaker in the fine-car field. The other is Ford in the low-price field.

Therefore only these two makers can justly claim One-Profit value, Unit-Built construction-the determining factors in the price you pay, and in the quality you get for a given price.

A Price Advantage

Because of its One-Profit manufacturing facilities, Studebaker eliminates extra profits and overhead which all other quality car manufacturers must pay to outside parts and body makers. Savings effected in this way run to hundreds of dollars on some models. Thus Studebaker is able to use finest

steels, finest woods, finest wool upholstery, finest engineering and superlative workmanship in its cars; then to add costly extras . . . and still charge no more than competing cars.

A Quality Advantage

One-Profit facilities result, too, in Unit-Built con-struction—in cars designed and built as units. The hundreds of parts used in a Studebaker car are Studebaker. They function together as a unit, resulting in longer life, greater riding comfort and higher resale value for you. Scores of thousands of miles of excess transportation thus are built into Studebaker cars. Records of more than one hundred thousand miles are not uncommon.

And "No-Yearly-Models"

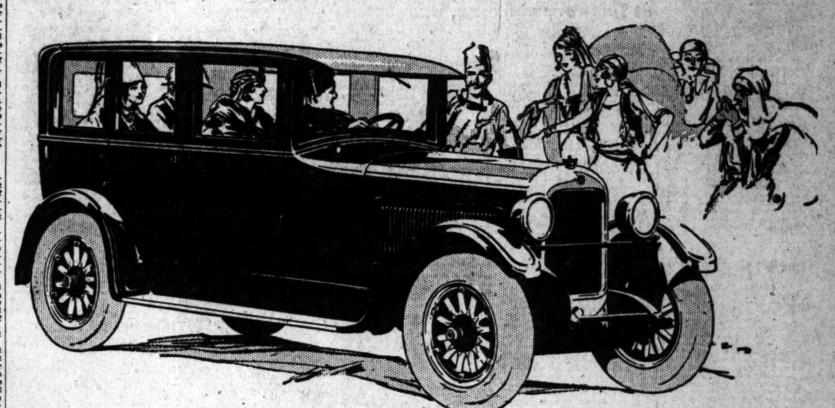

As a natural outgrowth of those two factors, a third great advantage to the buyer is attained . . . "No-Yearly-Models." Because all phases of manufacture are directly under Studebaker control, Studebaker cars are constantly kept up to date. We add improvements as developed instead of saving them up for spectacular announcements which make cars artificially obsolete. Resale values are thus stab-

Because of these three advantages—One-Profit Value, Unit-Built Construction and "No-Yearly-Models"-Studebaker is able to put into the Standard Six Sedan quality and refinements which no other manufacturer can duplicate at the price.

Car Shortage May Mean Loss

EXETER. Oct. 25 .- Empere grape growers of Exeter district MAY ABANDON FAIR are beginning to feel apprehen-five over the shortage of cars as they have just started their harrest. No special harm has been worked thus far in Tulare cour ty through car shortage, County Horticultural Commissioner Frank R. Brann rather being of the opinion that in holding off fruit from the market it may have actually been a benefit, but unless more cars are soon available here the loss will be very real.

Quality and quantity have combined in a most excellent harvest of Emperors this season and if the fruit can be moved before rains come with possible mildew approximated damage, returns will be the best recorded in the county in some years.

recorded in the county in some years.

An "Indian summer" haze of the past few days has caused some little worry to growers who fear it may be forerunner of rains and scarcity of cars and their heavily laden vines do not centribute to their peace of mind.

SANTA ANA, Oct. 25.—Unex-

The El Monte association has shipped thirty-one cars and the Mountain View association thirty-two cars. Growers are warned that the first walnut pool will be closed November 17, and that all should get their walnuts in before that time, as those delivered later will go in the second pool and are apt to bring lower prices

In the Santa Ana Gardens district the Standard Oil Company is drilling and coring ahead in its Santa Ana Gardens No. 1 wildent. The hole is approaching a depth of 2700 feet, according to field reports. Company officials deny that they have had promising indications in this hole, but field men say that some ancouraging ahowings have been had.

One of the foremost oil operators in Southern California said Saturday that in his opinion the Standard well cannot be made into a commercial producer, but that it contains enough sant to reveal the presence of an oil agructure somewhere in that vicinity, and that the structure may eventually be located by the drilling of several other test holes in that general vicinity.

Fire Protection for Great Asset Essential

Figures, according to the aphorist, are thresome, but if some weary old prospector were to drift into town with his burro and make the statement that the hills of Los Angelea county hide a bonanza of \$631,150,000 in gold there would doubtless be the greatest rush of fortune hunters to the Southland that history might ever record.

There has been no such strike of yellow metal and, consequently, there will be no such rush of gold seekers as that mentioned, but the huge figure set forth above is the value experts have fixed on the approximately \$50,000 acres of virsin forest and brush land that lie within the boundaries of Los Angeles county.

MACLEAN COMEDY

NO KEY AMONG SEVEN KEYS OPENS COMEDY DOOR

FLASHES

By Grace Kingsle; ite, no picture star so, far has seemed able to find the one ould open the place and let in the real spirit of comedy.

I don't really believe that that engaging stage comedy. "Seven Keys to Baidpate." can be made into a good picture. Because if it could have been done, either George M. Cohan, who tried it first, or Douglas MacLean, whose effort is on the screen at the Metropolitan this week, would have done it. Neither did. Maybe it needed just the spice and the sly, satirical drollery that Cohan is master of when it comes to writing for the stage; maybe, shorn of its funny lines, the play intrinsically becomes merely baidly melodramatic; maybe lines are needed to explain all that wild dashing about. Anyhow, it evidently cannot be picturized successfully. Then, too, the surprise ending in the play is a sweeping smash, a gust of uncontrolled fun, whereas in the picture that surprise finish just limps in. And that surprise finish is the big kick, the punch of the play.

Douglas MacLean's version of the Cohan play drags too much in the first couple of reels. However, I think he did well to make the motive for the writing of the play in twenty-four hours his chance to marry the girl he loves.

Up at Baidpate Inn, the deserted place where he goes to write his play, the author, as you remember, is assured that he has the one and only key to the house. But no sooner does he sit down to his typewriter to begin his story than six different people, sometimes one at a poß, sometimes two at a pop, invade his refuge. From then on the action, involving an adventuress, a band of crooks, and the girl in love with the author, is fast and furious.

I suppose the critic is included among those who are entreated through a subtitle on the screen not to tell those who do not know the story about the surprise finish. That is rather hard on our trade, inasmuch as contained in that finish is the only original bit in the whole story. Suffice it the picture might well have been called "An Author in Search of Six Characters."

MacLean does his manful best with the story in the sharp-shooting crooks and the adventures. Therein,

"ALL FOR YOU" PLEASES

WELL-STAGED MUSIC SHOW

FEATURES DANCING

Tet another musical comedy promises to dance its way into popularity. "All for You" is a goo entertaining attraction, and it is being presented in a clever and very pepful manner by an excel-ient company at the Mason. Made-line Cameron, William Gaxton and Ted Doner share stellar honors, and the staging is right up to the minute.

Inter Cameron, William Gaxton and Ted Doner share stellar honors, and the staging is right up to the minute.

The opening Saturday evening proved conclusively that theater-goers are still on the qui vive for this type of production. There was a packed house to great the premiere sponsored by Tom Wilkes And the fact that enthusiasm gained right through the performance, in spite of a late first curtain, went far to indicate that "All for You" will be another popular hit.

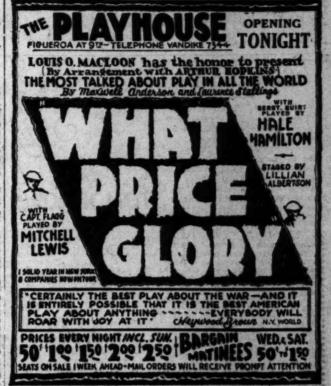

Something there is about this new musical piece that is quite refreshing. The book and the songs may not demolish any world's records, though there are several good melody numbers. The spirit of the company does the rest. They all work unergetically from start to finish to keep up the interest, and there are plenty of high spots to add sest to their efforts particularly in the stage effects.

Especially alluring was the dance performed by Miss Cameron, Mr. Gaxton and Mr. Doner to the music of the title song, "All for You." This came as the climax of the opening act, and was a number of really rare rhythmical beauty. Virtually perfect was the co-ordination achieved by the three principals in their carrying out of this number, which was encored several times.

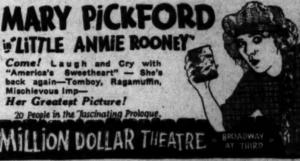

Miss Cameron is easily one of the most charming singers and dancer yet introduced in the musical shows this season, and seems destined for a very distinctive success during the engagement. She has a quality of grace and refinement that are more than exceptional, and a personality that is quite radiantly engaging.

Gaxton is a comedian who really justifies the word unctuous. He lit-

Eleven Accused Robbers
Will Appear in Court in
Two Cases of Hold-up

Eleven accused mail robbers, men who are charged by the United States with having stolen \$1,000,000 in cash, bonds and other securities in two Los Angeles hold-ups, will be in United States Judge James's court to enter their pleas.

Of the eleven men, five are asserted to comprise the Santa Fe station gang that obtained \$500.000 worth of loot early in the month. They are Charles "Chuck" Wagner, Sam Shapiro, alias Sandburg; Frank Teschiona, George A. Davidson and Robert E. Cargo, Two others indicted are Harry Burke, alias the Kid, and Dorothy Lee Teschiona. The latter was arrested in Chicago Saturday.

The remaining six are known as the "Herb Wilson Gang," leader and followers, who are accused of having stolen \$1,500,000 in cash and securities in a robbery late in 1923. The defendants are Herbert Wilson, former Minister now serving a life term in San Quentin for the murder of yo Cox, an accomplice; his brother, Frank B. Wilson; Joe Bertsche, B. F. Elerick, Harry T. Robinson and Maurice R. Norcop, special assistants to the Attorney-General.

Where is Louis D. Oaks, former Chief of Police?

O. L. Woerker, jeweler, who had a bill for \$750 against Oaks, told Judge Elliot Craig that he could not find him. He made this statement to explain why, in his suit on the bill, he had served summons by publication.

"My attorneys made every reasonable effort to locate Mr. Oaks, but were unable to do so," Woerker said.

The bill was incurred in the purchase of a diamond ring, the jeweler said. He was given a judgment by default. The Sheriff had previously attached property under the claim, the value of which was provided.

New Drug Store Blanks Announced by Dry Chief Eliminate Counterfeiting

New-style liquor prescription blanks, colored with two tints of brown, instead of one, and which will be difficult to counterfeit, have scattered the length of the today, ready for their part s Navy's world-wide. The change, it was stated, will practically eliminate counterfeiting and facilitate law enforcement. Otis Sayre, chief of the Federal

Otis Sayre, chief of the Federal permit division, is recalling the old-style prescription blanks and substitutnig the new issue. Before the present prohibition regime thousands of gallons of "prescription" whisky were obtained through counterfelt prescriptions. During a meeting held recently in Los Angeles between prohibition enforcement officers and representatives of the Retail and representatives of the Retail Druggists' Association and prom

Third Participant Taken to Psychopathic Ward for Observation

Following what appeared to be a family fight in the home of Victor J. Vurpillat, a real estate man of 3821 Eme street, Carl Tatum of 6003 Central avenue, and Charles Tatum, his brother, of 1160 East Fifty-ninth street, were locked up yeaterday, while a third brother, John W. Tatum of 1114 East Sixty-second street, was sent to the psychopathic ward for observation. The insanity charge was made by Charles Tatum.

With the departure of Edwin Carewe, First National producer-director, for New York yesterday, came the announcement that another film play, to cost in the neighborhood of \$1,500,000 will soon start in Hollywood.

Carewe's purpose in going east is to corre with First National executives concerning his contemplated venture into the fields of motion-picture production on a cale similar to that employed by Douglas Fairbanks, the De Milles. 3621 Effic street, Carl Tatum of 6003 Central avenue, and Charles Tatum, his brother, of 1160 East Fifty-ninth street, were locked up yeaterday, while a third brother, John W. Tatum of 1114 East Sixty-second street, was sent to the psychopathic ward for observation. The insanity charge was made by Charles Tatum.

Police were unable to learn much about the affair except that the three Tatums called at the Vurpillat home about 2 a.m. Mrs. Natille Tatum, wife of John W. Tatum, has been living with her father, A quarrel, followed by a fight, ensued. Neighbors tried to quiet the participants without success. Officers Tucker and Lynch arrived after the Tatums had gone home, hunted them up and arrested them, booking charges of suspicion of assault with a deadly weapon against two of them.

Vurpillat was treated at Receiving Hospital for bruises.

LIQUOR? AIN'T NONE

It Doesn't Exist Legally 80 Theft of Coat Only Charge

Charged with stealing ninety cases of whisky and one overcoat, four men will attempt to prove to Justice Marchetti that they did not steal the overcoat. They won't mention the liquor at all, for it has no standing in court of law, - The men are charged with burglary. According to Walter A. Grant, 1193 South Windsor Boulevard, some one broke into his garage and stole an overcoat. Officers say the burglars also took ninety cases of liquor and say they found some of it when they arrested Robert Rankin, Paul Parker, Harry F. Thomas and Charles Finch.

A peculiar situation arose, how-

er, Harry F. Thomas and Charles Finch.

A peculiar situation arose, however, since the liquor is worth approximately \$6750 at corrent prices, but, according to the law, does not exist legally, and the men can't be pricecuted for stealing something that doesn't exist.

Officers Lansing and Seager arrested the men anyway and came to the District Attorney's office, where a complaint was issued.

Forms and continued until 11 p.m. During the day hundred so from strange and stages of the bold that during the strain strange actions were accomplished as the profit of the District Attorney's office. The District Attorne
